

Welcome to Genocide aimed at the heart of America. Brought to you by Electro Magnetic Frequency EMF.

Your cell phones, wire-less routers and what appears to be, a wholly-corrupted - Fauci - Gates - NIH.

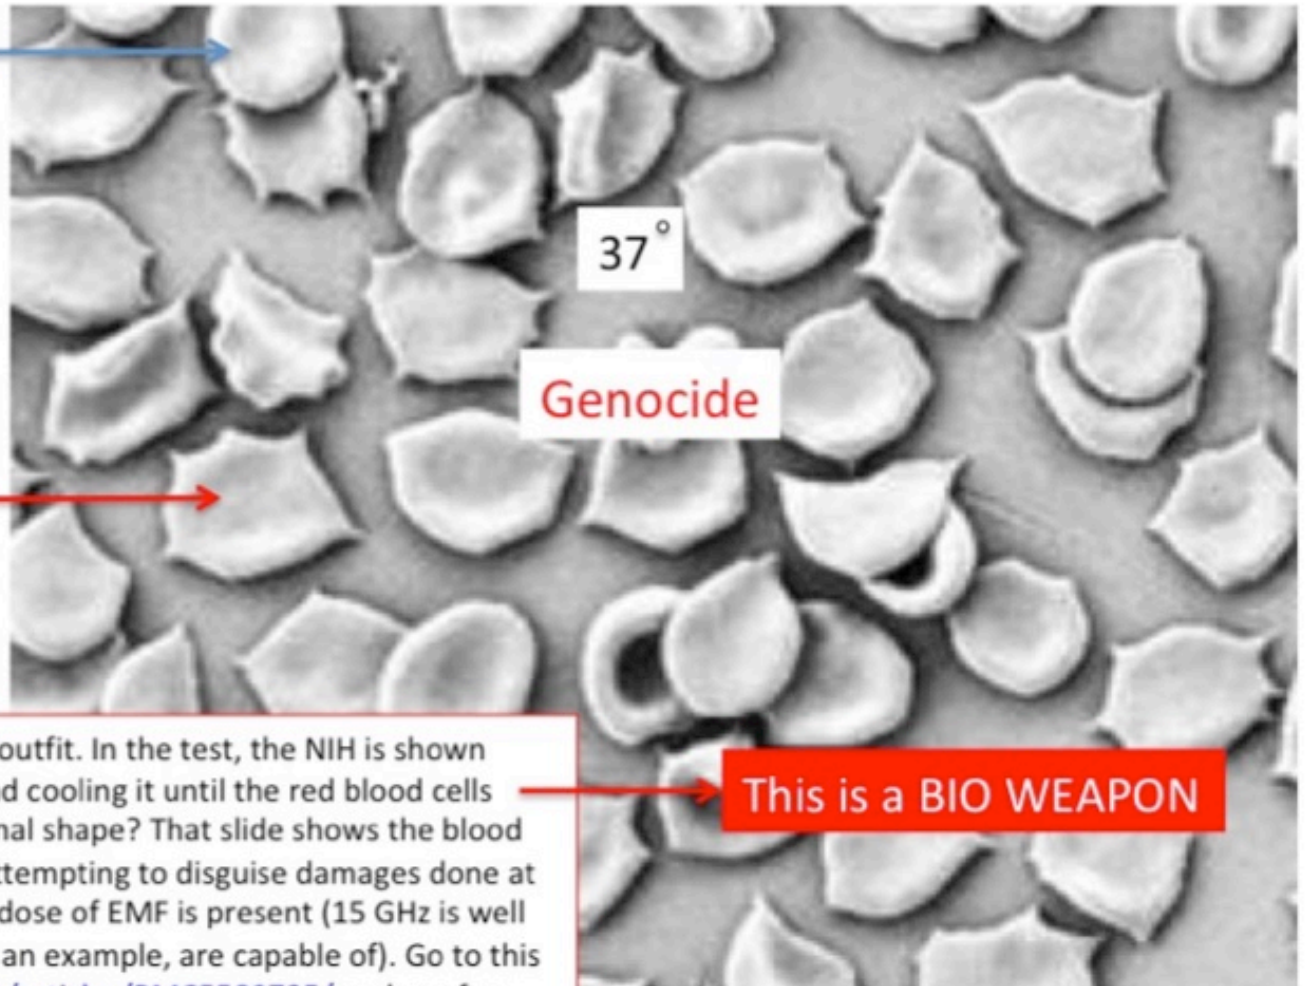

Red Blood Cells

This slide depicts 15 GHz acting to take your round healthy blood cells and *alter them into "corona virus"*.

Genocide

This is a BIO WEAPON

This slide is taken from the NIH: Fauci's outfit. In the test, the NIH is shown taking this slide (blood at 37° Celsius) and cooling it until the red blood cells appear "normal" and back to their original shape? That slide shows the blood at 33° Celsius. This test appears to be attempting to disguise damages done at body temperature 98.6 F, while a small dose of EMF is present (15 GHz is well below what later "Generation - 5 G", as an example, are capable of). Go to this link: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC5589725/> and see for yourself. EMF cause serious harm to the human body. It would appear the victims don't need respirators- they need blood transfusions in the absence of EMF. (33 Celsius is 91.4 F - 37 C is just below normal temperature...)
